> Instructions to download the website banner on two-factor authentication (2FA)

Instructions to download the website banner on two-factor authentication (2FA)

Working together with the Securities and Futures Commission to support the implementation of 2FA by intermediaries for clients to log into their online trading accounts, the Investor Education Centre (IEC) has developed a website banner to raise awareness of 2FA and how it can enhance the security protection of online investment accounts. More information can be found on The Chin Family website that is managed by the IEC.

Dimensions

Three dimensions are available. Please choose the one that fits your website. Or you may use the artwork file to customise the dimension.

Download - 613x294px

Download - 345x185px

[Download - 185x345px](#)

Embed a link

Please link the online website banner to our web article "[Two-factor authentication provides additional security](#)" (<https://goo.gl/XA3AxT>) so that your clients can visit the site to learn more about this important initiative to protect their investments.

Contact us

Should you have any question on the installation of the website banner, please contact info@thechinfamily.hk.
